Applying to MND

3 HSPT: In the fall of 2016 parents can register their eighth grade daughter to take the High School Placement Test. The HSPT can be taken at the high school of choice. Through the high school's website, complete the online test registration, pay the \$30 test registration fee to the testing location, and return the transcript release form. Take the HSPT on Saturday, Nov. 19. On the day of the test, if you want MND to consider your test score, it is important to mark MND as a designated school. Good Luck!

APPLICATION FOR ADMISSION: Beginning in September, eighth graders and parents can complete a simple online Application for Admission. Even if the student takes the HSPT at another school, she should be sure to complete MND's online Application for Admission.

4 SCHOLARSHIPS, AWARDS AND TUITION GRANTS. MND offers academic scholarships, merit-based awards and alumnae legacy awards. Academic scholarships are based on performance on the HSPT. MND also provides tuition assistance through tuition grants and named scholarships. Parents can visit www.online.factsmgmt.com to complete a FACTS application (due mid-November). Join us for a Tuition Assistance & Scholarship Meeting on Wednesday, Nov. 2 at 6:30 PM for interested parents. Eighth graders can apply online for a variety of scholarships, which will have a mid-November due date. A few additional scholarships will be made available in January for enrolled freshmen (Class of 2021) and have an early March due date.

5 REGISTRATION FOR MND'S CLASS OF 2021. Mid-January, 2017 MND will mail an enrollment packet to each admitted student's home containing admission information, HSPT score, registration forms, and notification of any awards (academic, scholars program, merit, named, tuition grants). Registration takes place later in January.
