Summer Reading Assignment AP English Language & Composition

Hello Ladies!

I would like to welcome you to Advanced Placement Language and Composition! This summer, you will need to utilize databases and electronic newspapers to find three articles written in the past four years about Homelessness in America. Then, please highlight and annotate the articles. Then, write a one-and-a-half-page summary analysis citing all three articles (Times New Roman, 12 pt font, double spaced). Try to find commonalities. A MLA Works Cited is required. The assignment is due on the first day of class. If you have questions please feel free to email me a abonino@mndhs.org.

I wish you a wonderful summer with time to rest, relax and read.

Peace,
Mrs. Bonino
