

MOUNT NOTRE DAME
Empowering Young Women

Dear Future Algebra 2 Honors Student,

In order to ensure you are prepared for Algebra 2 Honors, the math department has designed a summer review of algebra and geometry skills and concepts. The assignment is entirely online and can be accessed through the website MathXLforSchool at www.mathxlforschool.com. **You will need to enroll in the course with the following course ID:**

XL09-T1RW-5021-8043

The course is named “Algebra 2 Honors Summer Assignment 2020”

Current MND students have a MathXLforSchool account from your math class with which you can just enroll in the new course. Directions for switching to a new course are on the next page of this letter. Any student who does not have a current MathXLforSchool account (new students, transfer students, or students changing levels) may request an access code registration sheet via email from Ms. Paula Schute at pschute@mndhs.org. Students who do not set up their account at MND prior to the end of the current school year, may follow the directions on the access code registration sheet or set up an appointment to complete the process by emailing Mrs. Drefcinski at the address below.

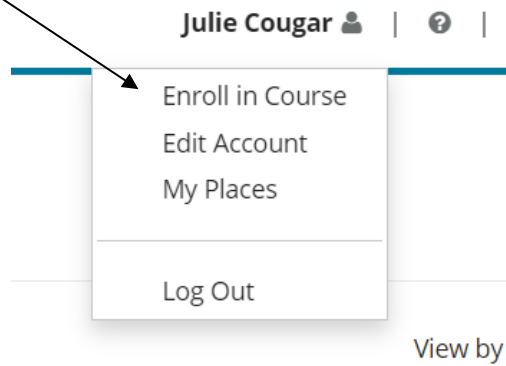

You can enroll in the summer assignment course anytime, but you will not be able to access the actual assignment until July 1, 2020. The assignment must be completed with a score of at least 90% by August 23, 2020 at 11:59 PM. You have three chances to complete each question. If you do not get the question correct after those three attempts you can click the “Similar Question” button to attempt the question again. On most questions you will see a “Help Me Solve This” button and a “View an Example” button which you can use if you encounter difficulty with any question. It is important that you save your answers by clicking the SAVE button. You do not have to complete all questions in one session but you should save after each session. You can access the assignment as many times as you would like until the due date. The grade on this assignment will count into your first semester grade in your Algebra 2 Honors course.

All content in the assignment is a review of Algebra I and Geometry curriculum. The goal of the assignment is to refresh those skills so you are prepared to begin Algebra 2 Honors. Please use the web site account to refresh your knowledge and skills. If you have questions during the summer, email Mrs. Drefcinski at the address below.

Take care,

Mrs. Kim Drefcinski
Algebra 2 Honors Teacher
kdrefcinski@mndhs.org

1. Sign into your account as usual at www.mathxlforschool.com.
2. Click your name at the top right corner and a drop-down menu appears. Click the **Enroll in Course** button.

3. Choose the first option... "I am taking a course that is using MathXL for School, and need to enroll in my instructor's course."

Enroll in a new course

You can enroll in only one course or self-study program at a time using your current login information. Follow these steps to enroll in a course.

1) Choose how you will work in MathXL for School:

I am taking a course that is using MathXL for School, and need to enroll in my instructor's course.
 I am studying on my own, and need to choose a textbook.

2) Enter your Course ID provided by your instructor:

- - -

[Switch to single box for pasting your Course ID](#)

Sample Course ID: XLAB-C1JK-2MNO-0YZ3
If you do not have a Course ID, contact your instructor.

4. Enter the Course ID which is on the summer assignment letter.
5. Click the **Enroll** button.
