Forward. Together.

ANNUAL REPORT | 2020 - 2021
Empowering young women to transform the world.

OUR MISSION
Guided by the Catholic faith and Saint Julie Billiart’s belief in the “goodness of God,” Mount Notre Dame educates and empowers young women to recognize and develop their unique capabilities to learn, live, lead and serve.

OUR VISION
Mount Notre Dame – an exceptional Catholic, college-preparatory high school – will be recognized for graduating young women who are empowered to transform the world.
Dear Mount Notre Dame Families and Friends:

What a year 2020-21 was! We are grateful to have had the opportunity to celebrate God’s goodness every day, even during this year of the pandemic. Our administration had to make quite a few adjustments and we learned a great deal along the way.

One thing we learned is that we have a strong technology base so a transition to remote learning was rather seamless. We discovered what additional tools we needed like classroom speakers, microphones, and monitors; and we provided these so that we could continue doing an amazing job at offering a quality educational program to our students. We also learned that the MND Sisterhood is very strong and found ways to keep the ‘MND Experience’ alive and well – enjoying many opportunities and successes throughout the year.

Another thing we learned is that our MND Community remained committed to the school as our requests for time, talent and treasure were continuously met with an amazing “yes”. We so appreciate your strong support during this past year and thank you for helping us fulfill our mission to educate and empower young women to learn, live, lead and serve.

With the close of 2020-21 school year, we now set our sights on this new year and are so grateful for a strong enrollment of over 730 students. We also know that we can count on the support of so many of you to help us in our journey. If you ever want to discuss ways you might invest in Mount Notre Dame, please reach out to me at 513-821-3044 or at jgerwe@mndhs.org. I would be happy to have a conversation with you – either in person or over the phone.

In Deep Gratitude for your Support,

Judy Back Gerwe ’78
MND President

Dear Members of the Mount Notre Dame Community,

As we close the books on 2020-2021, I want to take this opportunity to express my deepest thanks to the Mount Notre Dame administration and faculty and staff for their creativeness, flexibility and unyielding commitment to the education of our students during an unprecedented time in our school’s history. I also wish to thank my colleagues serving on the Board of Trustees for sharing their talents to help MND thrive through a global pandemic.

To quote Saint Julie Billiart, the foundress of the Sisters of Notre Dame de Namur, “The more difficult the times are, the more we must expect and hope everything from the goodness of the good God.”

Reflecting on the past year, I realize more than ever that our community is committed to the MND mission of ‘educating and empowering young women to learn, live, lead and serve’. This is evidenced by our healthy enrollment, commitment to sustainability through gifts to the endowment, and the continual focus on providing an exceptional Catholic education to our students.

The future is bright for our school and the students we serve.

Very gratefully yours,

Bob Leshnak
Chair, MND Board of Trustees

In my years as an MND faculty member and administrator, I have had the privilege to innovate and collaborate with incredible peers and students. Over time, we have developed an authentic MND experience. One of the challenges that confronted our community last summer was planning to implement a pandemic-friendly authentic MND Experience. The 2020–2021 school year confirmed that MND is filled with empowered women and men educators and tenacious students who heard our plea to ‘Keep the MND Experience Alive’ – and did so with tremendous success! Take a glimpse into the wonderfully successful world of MND pandemic life!

“In teach them what they need to know for life.” – St. Julie Billiart

In implementing a safe environment for MND students, MND planned a schedule that allowed for space in our week for alternative experiences. Known this past year as Non-Traditional Instruction (NTI) days, these were mostly held on Wednesdays, allowing for deep cleaning of our building and a mid-week change of routine. We often had some grade levels present at MND while the other grade levels were remote for this one day. On other days, all students were present in the building while participating in a variety of activities that helped the MND Experience remain true. And, on some occasions, MND students were all remote yet fully participating in authentic learning experiences.

On eight different days across the year, MND hosted Lifelong Learning Modules (LLMs) that were named in honor of St. Julie’s call to “Teach them what they need to know for life.” These Zoom-style remote sessions involved many guest speakers and relatable learning. (A list of others can be found on the next page.) We learned that LLMs inspired our students to see the future – in career paths, in applied skillsets, in women (mostly) and men who are transforming our world. We learned that by preserving instructional time on the remaining four days per week, we created space in our academic lives to create authentic instruction from lived experiences. And, in that instruction, we were able to connect the curriculum content to what they need for life!

Competitions, Productions and Dancing, Oh My!

In a school year of social distancing and controlled public environments, there certainly was a challenge to create pathways for students to interact with each other. Even the MND lunchroom was sliced into cubical eating corrals in order to minimize transfer during unmasked eating time. However, we were blessed to have permission from the State of Ohio to continue with sports, theatre and dance team with strict guidelines to follow. And success certainly was found.

• MND’s Dance Team had the longest season of all! With competition changes plaguing the early months of their season, flexibility was key. The team extended their season after a postponement of their national competition in Orlando, Florida - moving it from February to April. In order to make this trip possible, special lodging arrangements were made by our dance families. MND Dance persevered and completed this memorable season earning 6th place in Pom and 13th place in Jazz.

• MND’s athletic teams were ready to take on this pandemic. Our fall sports teams led the way in helping us learn how to best implement sports during this time. Patience by our students, athletic department and fans was key. This led to success in their season as well as in the winter and spring seasons. As I proudly proclaimed in my graduation reflection speech, “The Class of 2021 is the only class in MND history to have three State Championships in one year (volleyball, basketball and diving) while also having the least number of fans in the seats and the greatest number of absences from practice. #QuarantineLife
MND Theatre faced the double whammy! Not only was the pandemic impacting their ability to operate as usual, the construction of MND’s Performing Arts Center had them searching for appropriate rehearsal spaces. MND’s hallways, foyer, cafeteria and classrooms became prime rehearsal spaces throughout the year. Two shows (Into the Woods and Joseph and the Technicolor Dreamcoat) found their center stage in MND’s gym where there was plenty of socially distanced seating available. Performers and patrons were masked. In February, MNDT moved into the new Performing Arts Center with two more productions (The Complete Works of William Shakespeare Abridged and Shrek The Musical). As one MND staff member exclaimed, “while the West End in London, Broadway in NYC and Hollywood were closed down, MNDT was open for business!”

Of course, these major program successes were the compliment to the day-to-day club meetings, service experiences, retreats, outdoor pep rallies and even a spring junior-senior traditional prom. We learned that our students flourish in an MND environment because of the interactions they have with each other – regardless of the need to wear a mask!

**Learning and the Sisters of Notre Dame go virtual!**
The SNDdeN curriculum is part of our religion content that ties into our school-wide commitments to spiritual development and academic development. These lessons and experiences help our community tap into the rich legacy that is part of our SND heritage. Besides learning the history of St. Julie Billiart and the Sisters of Notre Dame, our students tour the convent and visit the SND archives. They also conduct personal interviews with the sisters and participate in a small group book study and discussion at the convent. Planning for and conducting these learning experiences that deepen the understanding and connection for our students in the pandemic (which closed the convent to any visitors and limited the external contacts for all of the sisters) required some creativity! Thanks to leadership planning and commitment by MND’s Campus Ministry and Religious Studies Teams and the willingness of our sisters to go virtual, we were able to continue with this learning.

- A tour of the convent was recorded and narrated so that our Freshman students could see the convent and learn some of the SNDdeN history from the sisters.

- Each year juniors read A Journey of Courage, The Amazing Story of Sister Dorothy Stand by Michele Murdock for their book discussion with the sisters. A small group of students participated in a Zoom book discussion with the sisters – some of whom were friends with Sr. Dorothy. The recorded book discussion was shown in class so all juniors could gain this firsthand knowledge.

- Our seniors participated in small group Zoom interview sessions with SNDs from all over the United States during their Catholic Lifestyles course. Being able to include sisters outside of Cincinnati was a happy benefit of this pandemic!

As we teach at MND, those who work and attend our school are heirs and trustees of the SNDdeN legacy. And this year, we were inspired to carry on that legacy virtually, partnership with the them.

It was a year like no other – and that in itself was the inspiration to make it one of the best yet! A faith-filled Christ-centered environment – even with masks, social distancing and extra cleaning protocols – was the foundation that allowed our MND students to have an authentic MND Experience where they grew in faith and found success in the classroom and in co-curricular activities. The 2020 – 2021 school year was kept alive, and our students uniquely developed within an authentic MND Experience. As St. Julie proclaimed, “How good is the good God!”

In 2017, the Achieve More Strategic Plan was launched after a group of over 100 Mount Notre Dame constituents gathered to talk about the future of the school. A committee was then formed to study the results of the discussion and formulate a plan to move forward. The committee identified five main themes that became the Aspiration Statements of the Strategic Plan:

- To be the exemplar for Catholic girls’ education
- To establish ideal learning environments characterized by superior facilities
- To fully engage the Mount Notre Dame community
- To continue to develop strong connections to the Catholic Faith, the Sisters of Notre Dame de Namur and the traditions of St. Julie Billiart
- To be financially positioned to advance the mission of MND

Once the Aspiration Statements were determined, committees were formed around each one to determine what goals and objectives would illustrate the achievement of each statement. We then put together a timeline as to which objectives we would focus on each year over the next five years. We are now in the last year of the plan and I can honestly say that it has truly been a “living” document and we have much to be proud of. We will begin work on our next Five-Year Strategic Plan in the spring of 2022.

MND does seem to be the Catholic girls’ school of choice right now and I think that is because we have been working hard to make us “the exemplar”. Some major accomplishments from the first aspiration statement include greater participation in local, regional and national programs that recognize academic excellence and the expansion of participation in College Credit Plus courses.

We also want to offer our students “ideal learning environments characterized by superior facilities”. Our faculty has been engaged in Professional Learning Communities for several years now and that has resulted in greater student success. We have increased participation in global learning opportunities by including Chile and Japan in our exchange programs. We have also welcomed a Wellness Counselor to our guidance staff who focuses on student mental health. A project that was greatly supported by many MND constituents like yourselves included the creation of a new Performing Arts Center. This new space occupies where the library was housed, so we also designed a new Learning Commons in the main hallway of the Academic wing. Both areas have enhanced the overall facilities.

Engagement with our Mount Notre Dame Community is very important to us and we continue to offer opportunities for our friends and families to be involved. I also share a monthly newsletter to keep everyone up to date on what is going on at our amazing school. Let us know if you are not receiving these via e-mail and we will make sure to add you to the list!

Our Catholic faith, the Sisters of Notre Dame de Namur and the traditions of St. Julie Billiart, the order’s foundress, are very important to us. We offer monthly all-school celebrations of the Liturgy and/or Prayer Services, as well as the opportunity to participate in the sacraments and other devotions. We always look for ways to partner with the Sisters as we celebrate our connection with them and we continue to increase exposure to and appreciation of the Hallmarks of a Notre Dame Learning Community which line up well with Gospel values and Catholic Social Teaching.

Finally, we are working hard “to be financially positioned to advance the mission of MND.” Most of our income is generated through tuition and benefactor support. Our enrollment is strong at over 700 students and we have an amazing group of benefactors who support the MND mission by investing in our school – in our Annual Fund to help the budget and in endowment dollars to help the school live on in perpetuity. A healthy endowment is key to remain sustainable and we are excited to announce that our endowment is now over ten million dollars. We have a goal to grow the endowment to $30M over the next ten years. The interest on this money will help families afford a Catholic high school education at Mount Notre Dame as well as fund some of our programs, such as STEM.

We will continue to work at achieving the goals and objectives of the last year of the current Strategic Plan so that all of our Aspiration Statements become reality. And then we will start the process anew, so that MND continues to grow and keep our place as a premiere school for young women in the Cincinnati area.
When Mount Notre Dame established its Achieve More Strategic Plan in 2017, a key aspiration was “to establish ideal learning environments characterized by superior facilities”. MND has worked continuously to make this vision a reality over the last four years and it culminated with the opening of the Performing Arts Center in March 2021.

MND partnered with MSA Design, HMBA and R.J. Beischel Building Company on this $2 million renovation to convert the existing auditorium and library spaces (the original gymnasium for those who graduated prior to 2001) into a state-of-the-art Performing Arts Center. The renovation includes upgrades to the HVAC and fire alarm systems, the sound and lighting system with an integrated AV system and control booth, a wrap-around gallery, on-site scene shop and box office.

MND hosted a Grand Opening celebration as well as several special event tours this past spring to showcase the new space to the MND community. The features are, in a word, superb. Some features are front and center while others are more behind the scenes.

Seating received a significant upgrade in both quantity and comfort. The Performing Arts Center offers permanent, theatre-style seating for 390 guests and includes handicapped accessible seating as well. Individuals have an opportunity to sponsor a seat with their names engraved on the back. “We were honored to support MND’s new Performing Arts Center with a donation for seating,” expressed John and Marie Carnevale George ’74. “It was our way of showing gratitude for our past graduating daughters (Angie George Arengo ’94, Anissa George Cundall ’97, Amy George Langford ’00) and supporting the future of our granddaughters (Classes of ’24, ’26, ’28, ’30, ’31). This is truly about MND offering the best in class for academics, athletics and now the arts.”

The Performing Arts Center boasts a state-of-the-art control booth featuring the latest in lighting and sound technology. New features include LED lighting instruments that can be controlled with precision and offer an array of colors. Incredible new speakers compliment the space no matter where you are sitting. These features help MND Theatre enhance the quality for all productions in the new space and provides an unparalleled learning experience for our students.

The addition of an on-site scene shop located directly behind the stage has truly been a convenient upgrade for MND Theatre. This allows students to design, build and store scenes and other prop materials in the building. Prior to the completion of the Performing Arts Center, MND utilized an off-site location for the construction and storage of materials, which led to the burden of transferring these items to and from MND.

The reality of the Performing Arts Center is due to the generosity of many benefactors. As such, the entrance features a gratitude wall to acknowledge their investment in the MND community. The wall leads into a wrap-around gallery which offers the perfect space to showcase student artwork and other educational work throughout the school year. According to MND President Judy Back Gerwe ’78 “The gallery is probably my favorite part of the Performing Arts Center. I envision multiple uses for this space.”

We encourage you to check out the Performing Arts Center on your next visit. MND Theatre has a dynamic program lined up for the 2021-2022 school year, including Young Frankenstein (Nov. 2021), The Diary of Anne Frank (Feb. 2022) and Big Fish (April/May 2022). Your seat awaits!

I thank God that he placed Adele and me in the MND family over 50 years ago, and inspired us to begin the MND Performing Arts Program. Thank you to all who contributed to the new Performing Arts Center. When I saw it, I was filled with pride and gratitude!! It’s amazing! Excellence has always been the goal of the program. Now MND has a state of the art facility to display the next generation of talent being developed. May the Good God continue to guide and inspire future generations! 

Tom Salerno
Our Foundation for the Future

MND’s Plan for Sustainability

By Rose A. Eckhoff, Director of Leadership Giving

It should be no surprise to anyone that affordability of Catholic Schools is a huge concern these days. At MND, we recognize the sacrifices that families are making and are working very hard to develop affordability initiatives to keep tuition costs at the lowest level possible, without sacrificing any portion of the MND Experience. This includes academic excellence and rigor, outstanding extracurricular opportunities, and a solid faith-based curriculum. A very important component of the initiatives is MND’s commitment to increase the school’s endowment to 30 million dollars within the next ten years.

According to Development Committee Chair Bill Beckham “An endowment fund of 30 million dollars will provide the basis for MND’s sustainability. We want to be not only surviving in ten years, but also thriving and confident that MND will be here for our next generation and beyond.”

Why is endowment so important? Because over 40% of MND’s student body currently requires financial assistance and we see this number growing. An endowment of this size would ensure that ample need-based scholarships are available for any student desiring an MND education, no matter their economic situation, and would also keep tuition increases to a minimum.

President Judy Back Gerwe ’78 explains, “An endowment fund is like a saving account for MND, where the principle is never touched, and only the interest earned on the account is used to build the fund as well as support the ever growing need for financial assistance. Each year a rolling average of 4% of investments earned on the pooled endowment fund is distributed to support need-based scholarships, ultimately eliminating the need to use any other revenue.”

Building an endowment takes commitment, discipline and a three-pronged approach that includes: effective investing; philanthropic giving; and a pipeline of school support. MND Board of Trustees President Bob Leshnak notes, “To date our endowment has grown to over $10M thanks to the generosity of so many who have established a named endowed scholarship or remembered MND in their estate plan. We look forward to engaging more and more families in these wonderful investment opportunities which will help to secure our future.”

Dear Members of the Mount Notre Dame Community:

Each year at this time I am granted the privilege of formally recognizing the incredible financial support of our many benefactors. Every person listed on the following pages has, in some meaningful way, gifted us with their generosity. Your generous financial support of Mount Notre Dame helps provide the necessary resources to advance our mission of educating and empowering young women to recognize and develop their unique capabilities to learn, live, lead and serve.

Some of the lists represent investors who help to ensure MND’s stability through gifts to the 2020-21 Annual Fund and Gala while other lists recognize benefactors who support MND’s endowment, providing the funding required for our sustainability. Both types of gifts are critical to ensure that all young women who desire an MND Catholic education are provided the financial support needed to realize their dream.

I am sure you join me in looking forward to a post-pandemic year and all the promises it brings.

I close with much gratitude in my heart for all those who continue to believe in, and support, the MND mission and experience.

Very gratefully yours,

Rose A. Eckhoff

Prayer for our Benefactors
Good and loving God,
In your generosity you shower us with an
abundance of grace, and our hearts are
filled with gratitude for your kindness. We
humbly ask you to shower your blessings
upon the generous benefactors of Mount
Notre Dame. Their selfless gifts enable us
to carry on Saint Julie’s mission to educate
young women and empower them to
LEARN of your goodness in the world,
LIVE as faithful witnesses to that goodness,
LEAD others with courage and integrity,
And SERVE you always.
May our partners in this mission be inspired
by the knowledge that their commitment
to your greater purpose and our learning
community is a gift which bears fruit for all
those whom we serve... today and in the
future.
We make this prayer in the name of Jesus,
Son of God and Son of Mary.
Amen

Pay it forward of your daughter or for your MND.
Are you grateful of your MND education, or that of your daughter or granddaughter? Consider a gift to pay it forward!
Join over 70 MND families that have established an endowed scholarship in their name. It makes an incredible impact on the future of MND and the students it benefits. This type of investment lasts forever!

Visit www.mndhs.org/scholarships for more information.

Are you seeking meaningful ways to give back while also benefiting your loved ones?

Check out www.mndplannedgiving.org

If you are seeking meaningful ways to give back while also benefiting your loved ones, you might consider looking into planned giving opportunities. Planned giving can provide significant benefits, including tax savings and a meaningful impact on future generations. Contact the MND Planned Giving Office for more information on how you can make a planned gift that supports MND's annual fund and future needs. For more information, visit www.mndplannedgiving.org.
