

Dear Future Precalculus CPX Student,

In order to ensure you are prepared for Precalculus CPX, the math department has designed a summer review of math skills and concepts. The assignment is entirely online and can be accessed through the website DeltaMath at <u>www.deltamath.com</u>. Directions to create an account and/or add the summer course to an existing account are on pages 2 and 3 of this file. You will need to enroll in the course with the following information:

Course Code: F6JQ - 27M7

## Course Name: Precalculus CPX Summer Assignment 2022

You can join the course at any time, but you will not be able to access the actual assignment or assignments until July 1<sup>st</sup>. The assignment must be completed by August 21<sup>st</sup> at 11:59 PM. There is a Student Help Video which can be accessed by using the link in the top right of the home screen. Most questions have a show example button available if you need a refresher on how to complete a particular type of problem. Some problems have a video tutorial as well. You do not have to complete all questions in one session but you should save after each session. You can access the assignment as many times as you would like until the due date. The grade on this assignment will count towards your first semester grade in your Precalculus CPX course.

All content in the assignment is a review of previous math curriculum. The goal of the assignment is to refresh those skills so you are prepared to begin Precalculus CPX. Please use the resources on DeltaMath to refresh your knowledge and skills. Your score on this assignment will count into your semester 1 grade. If you have questions during the summer, email Mrs. Enochs at the address below.

Kelly Enochs Mathematics Department Kenochs@mndhs

- Go to deltamath.com.
- Choose For Students or the Students tab at the top of the screen
- Choose <u>Register</u>.

- Enter your course code. This is in the summer assignment letter.
- Ensure you have the correct class and then choose
   <u>Register with Email</u> or <u>Register with Google</u> (you need a Google account to use this option).
