DEVELOPMENTS

summer 2022

LETTER FROM THE PRESIDENT

Dear MND Families and Friends,

It has been another exciting year at Mount Notre Dame! The administration and Board of Trustees work together to ensure that we continue to offer a premier educational experience for our students. One way to do this is to strategically plan for the future.

I was privileged to initiate the current strategic plan in 2017 that includes five aspiration statements with several goals and objectives under each. The administration and Board continually assess the progress of these goals and objectives and we are very pleased with the many things that we accomplished – in particular the capital improvements of the Learning Commons and Performing Arts Center and the growth of the endowment to over 10 million dollars with a goal of 30 million dollars by 2030. The current plan can be viewed on our website and I am also happy to discuss it anytime.

Preparations for the next five-year Strategic Plan have already begun. We have eight domains that we have identified and each domain has two co-chairs who are working with a member of the school's Leadership Team to understand what we are currently doing surrounding the particular domain. We also offered a survey to all of our constituents that included questions about each of the domains so that the chairs can get a perspective as to how our community feels we are doing in their domain. In the survey we invited members of the MND community to participate in focus groups or individual discussions and have been getting that input as well. It is important to us that this is a collaborative endeavor and we welcome your involvement. Please let me know if you are interested in being part of the process.

I am pleased to share that Mount Notre Dame is doing very well educating and empowering young women because of your support. Please continue to keep our faculty, staff, students and families in your prayers.

With faith and joy in the Goodness of God,

Judy Back Gerwe '78

LETTER FROM THE PRINCIPAL

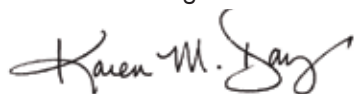

Friends of the MND Community,

As I write this message on a beautiful July evening, I can't help but think about the opportunity that awaits us. All around Cincinnati, veteran and new MND faculty and staff are pondering, reflecting and planning for our students' return in August. That opportunity, to shape a young woman's spiritual, academic and personal growth, is a blessing and honor that we take seriously. It is the legacy work that St. Julie Billiart recognized as a necessity for the development of young women. She said, "teach them what they need to know for life." The Hallmarks of a Notre Dame Learning Community, which align with Catholic Social Teaching, remind us that we have much to teach them. This year our school year will be focused on Hallmark #1: We proclaim by our lives even more than by our words that God is good. It is through a recognition of this goodness and our commitment to the students at Mount Notre Dame that we will bring the upcoming school year to life.

Summer has been no exception to our calling. Our students and staff have been active! MND students and staff attended the Notre Dame Leadership Conference in Boston, served their neighbors in a rural plunge in Liberty, KY, traveled to El Salvador for an Immersion Experience and served locally. Faculty and staff have attended professional development both on site and across the nation in content-specific knowledge, technology and leadership development. We are a hungry community of learners ready to take advantage of the opportunity ahead to grow and learn.

This issue heralds in the 2022 – 2023 school year. Much like the night before leaving for a vacation, the adrenaline and excitement of what lies ahead cannot be contained. Together, we are ready to learn, to live, to lead and to serve.

With faith in the goodness of God,

Karen M. Day
Principal

Students Committed To Caring For Our Earth

MND once again finished in the Top 10 with two teams placing at the 2022 *Caring For Our Watersheds* Competition, an education program that engages students in preserving and improving their local watersheds through student-led solutions.

Winnig MND teams were third place winners [Tabitha Mueller '23](#), [Emily Keith '23](#) and [Natalie Armbruster '22](#) for their proposal, "Saving the Earth in Style" and 10th place winners [Crysta Lacrosse '22](#) and [Bailey Broughton '22](#) for their proposal "Guide to Being a Watershed Superhero".

This past spring, members of MND's Earth Action Team and their faculty advisors came together to plant a pollinator butterfly garden behind the school. The garden includes a rain barrel with a solar-powered water pump to maintain it over the summer. The idea for the garden came from an award-winning *Caring for our Watersheds* project last year and the group was very excited to bring it to life.

Happy Retirement, Mrs. Hagerty!

MND English teacher, Mrs. Julie Hagerty has retired after 28 years of service to MND. During her tenure, she wore many hats, including working in the MND Library, serving as Theatre Director and even assisting as Retreat Director. She has shared her skills, her story, her family and her home of Ireland with her MND family. We honor her for a teaching career full of talent and insight and thank her for her dedication to MND and to her ministry as a Catholic educator. She has been a true gift to her peers and students.

May We Have That In Writing?

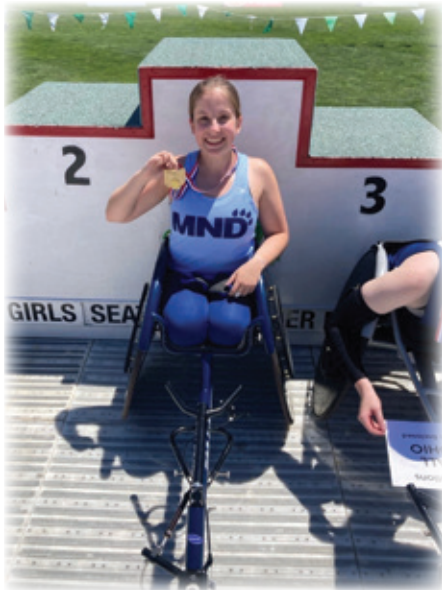

It had been agreed upon several years ago that collaborating on a book would be a fitting way to showcase the results of the student efforts in Mrs. Hagerty's Creative Writing class. After researching different ways to achieve this, MND learned that our city library provides a book publishing service at an affordable price where the entire process of printing, binding, and trimming individual compositions takes place. What begins as scribbles and rough drafts travels a path of careful revision that ends up as *May We Have That In Writing?*, an anthology that fulfills our students' collective dream of becoming published authors.

The anthology contains a variety of writing styles and topics which reflect the musings, imagination and creativity of the young writers who are encouraged to write from the heart and to respect the writing process. They understand their responsibility to choose their words carefully and in all their work to be people of integrity. Their writings are insightful, amusing, thought-provoking and inspiring.

This year's edition also includes the work of two students who were winners in the 2022 Mount St. Joseph University writing competition, [Claire Sitariski '24](#) and [Carly Shull '24](#). A copy of the anthology is available in the Library of Congress and can be purchased/borrowed from the Main Cincinnati Library.

*Thank you,
Mrs. Holthaus!*

After 21 years of service to MND, Mrs. Colleen Holthaus retired this past June. Mrs. Holthaus has led us through countless games/matches, college signings and state championships. She helped propel the MND Spirit Shop into a full-fledged store and helped us introduce the winter uniform sweatpants. She was the “mom” of the MND Athletic Department and shared her smiles and kindness with all who entered the athletic office. We wish her all the best that retirement has to offer!

MND's New Province System Fosters Community and Promotes Leadership

MND's Characteristics of an Empowered Young Woman call out lifelong learning. St. Julie Billiart exclaimed, "teach them what they need to know for life." Flexibility and a growth mindset have been in action over the past two years at MND as we have worked to build programming that supports building community, promoting the MND sisterhood and retaining learning and experiences that are authentically MND. The COVID years provided ample time to explore opportunities. One opportunity involved the introduction of Non-Traditional Instruction (NTI) days. NTI days were typically held on Wednesdays and allowed students to complete school work remotely, participate in on-campus activities in smaller and safer groupings and attend remote career interest seminars. As we were moving through the pandemic, these NTI days provided the inspiration for a new "C day" and Province System which officially rolled out for the 2021-2022 school year.

The MND Province System, named as a nod to the Sisters of Notre Dame de Namur provincial structure, serves to unite groups of students from all grade levels into a "province." There are six MND provinces, each identified by a letter that spells C-O-U-G-A-R. Subsets of each province are known as "communities." Communities have replaced the traditional single-grade homeroom model and students remain in the same community for all four years. "By blending grade levels into one community, we are fostering sisterhood and shared experiences amongst the four grade levels," notes Mr. Jeff Fulmer, Assistant Principal for Student Development.

Sr. Ann Fanella, SNDdeN spoke to students from Province C about the Photovoltaic Cell Water Purification System that the Sisters of Notre Dame have secured and helped develop in many of the villages in Africa.

Students in Community 2U showcase their door decorations as part of Catholic Schools Week.

Students have reported back that they have made friends and connections beyond their grade level within their community.

Community days, or "C day," typically occur on Wednesdays and have a variety of possible experiences. These include sisterhood bonding time, mass and prayer services, presentations, service projects, goal assessment, pep rallies, career exploration seminars and individual student check-in time. By scheduling these activities on C days, MND is able to preserve academic time during regular A/B days and minimize disruption to class time - similar in concept to MND's NTI days during the pandemic.

MND's Province System also offers unparalleled leadership opportunities for students. By pairing with our established My Action Plan (MAP) program, activities reinforce our mission to empower young women to learn, live, lead and serve. Additionally, each province elects four leaders (two rising seniors and two rising juniors) to plan province activities as well as those beloved MND traditions like Roo-Ha. Elections will be held in December this year with province leaders serving from January through December. This shift in leadership terms allows for seniors to help mentor and guide new leaders during the second semester.

A key to the success of the Province System are the 36 faculty community leaders who serve in the role of a mentor to help students write goals, evaluate progress and find success at MND. These community leaders support seniors through their Capstone projects and help expose younger students to the process early. Community leaders are tapped to identify and help cultivate student

leadership within the community, on the Province level, and eventually across the school.

Mrs. Kelly Cregan Enochs '04, MND Math teacher, served as one of the inaugural province leaders this past year. As an MND alumnae, she is excited to see how the Province System has embraced the traditions that she enjoyed as a student while incorporating new ones. Mrs. Enochs says, "It is very exciting to see the new traditions and experiences our students are helping to create."

Dear Members of the Mount Notre Dame Community:

Each year around this time I reflect on and pray for the thousands of alumnae, parents and friends who have invested in Mount Notre Dame. Such generosity reinforces my confidence that the future of MND is bright and in the hands of our Good God!

The following pages honor those who share in the passion and commitment to advance the school's mission of educating and empowering young women to recognize and develop their unique capabilities to learn, live, lead and serve.

The Honor Roll of Investors consists of benefactors to our 2021-2022 Annual Fund, Endowed Scholarship Fund and other important needs of MND. It is with a very grateful heart that we acknowledge their generosity and thank them for their support.

Very sincerely yours,

Great care has been taken in the preparation of these lists. We sincerely apologize for any errors and ask that they be called to our attention. Thank you.

Prayer for our Benefactors

Good and loving God,

In your generosity you shower us with an abundance of grace, and our hearts are filled with gratitude for your kindness. We humbly ask you to shower your blessings upon the generous benefactors of Mount Notre Dame. Their selfless gifts enable us to carry on Saint Julie's mission to educate young women and empower them to

LEARN of your goodness in the world,

LIVE as faithful witnesses to that goodness,

LEAD others with courage and integrity,

And **SERVE** you always.

May our partners in this mission be inspired by the knowledge that their commitment to your greater purpose and our learning community is a gift which bears fruit for all those whom we serve...today and in the future.

We make this prayer in the name of Jesus, Son of God and Son of Mary.

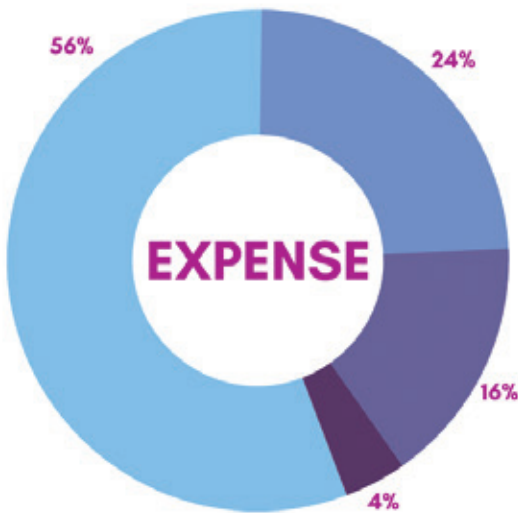

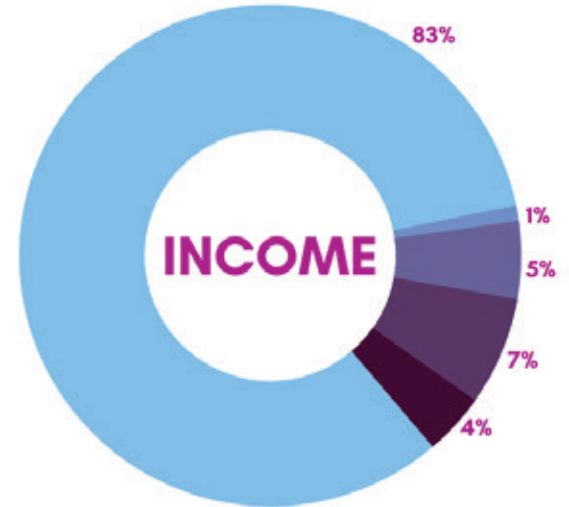

Amen
